

Introducing the 2022 *Luxe* **RED** Awards honoring excellence, innovation and the best residential architecture, interior design and landscape architecture projects and products.

LUXE **RED**

Meet the Judges

Luxe Interiors + Design invited design professionals from across the country to compete in the 2022 *Luxe* RED Awards, recognizing residential excellence in design. After receiving more than 1,200 entries, a panel of industry experts selected regional winners across 11 project categories and national winners across 27 product categories. Regional project winners then competed for national recognition, and the public's favorite projects and products vied for our Readers' Choice awards. Meet the judges below and turn the page to view this year's winners.

David Scott
DESIGNER AND FOUNDER,
DAVID SCOTT INTERIORS

David Scott established his namesake firm, David Scott Interiors, with a belief that interiors should reflect the style and personality of their owner—not simply the designer. The natural connection a client has with their home drives each design, resulting in a portfolio of highly personal environments. With almost 30 years of experience, Scott has created diverse and artful designs in an array of styles for numerous clients. Visually stimulating yet supremely functional, Scott's interiors gracefully meld the timeless elegance of the past with today's modern aesthetic.

Joy Moyler
DESIGNER AND FOUNDER,
JOY MOYLER INTERIORS

For interior designer Joy Moyler, fashion is a driving force behind her diverse body of work. Textiles, color and pattern seep into her projects, which are punctuated by bespoke details often found in haute couture. She developed a penchant for architecture after visiting Spain as a teenager. Enthralled by the light, color and textures of Madrid and Barcelona, she decided to pursue a Bachelor of Science in architecture. Moyler's experience spans the globe and encompasses residential, retail, hospitality and commercial projects infused with local culture. Moyler's portfolio also includes A-list celebrity residences, including Harry Winston's Beverly Hills home.

Young Huh
DESIGNER AND FOUNDER,
YOUNG HUH INTERIOR DESIGN

A Detroit native, Young Huh received a law degree from Fordham University. While pursuing further education and an internship in interior design, Huh discovered her true calling and founded her New York City-based design firm in 2007. Resetting the design narrative for each project, Huh's work is about finding harmony and dynamism through the application of classic and modern design principles. Thoughtful architectural details provide the groundwork for warm and welcoming interiors, each animated by sophisticated surface treatments, a singular play of pattern and color, as well as a touch of wanderlust.

Lauren Rottet
FOUNDER AND PRINCIPAL,
ROTTET STUDIO

Lauren Rottet is a highly accomplished architect, interior designer, furniture designer and art curator with an extraordinary record of awards, publications, lectures, juries and honors. She is the founding principal of Rottet Studio, an international interior architecture and design firm, and was the first woman in history to be elevated to Fellow status by both the American Institute of Architects and the International Interior Design Association. She also holds the titles of *Interior Design* Hall of Fame member, *Interiors* Designer of the Year, *Boutique Design* Designer of the Year and *Hospitality Design* Platinum Circle inductee.

Nicole Fuller
DESIGNER AND FOUNDER,
NICOLE FULLER INTERIORS

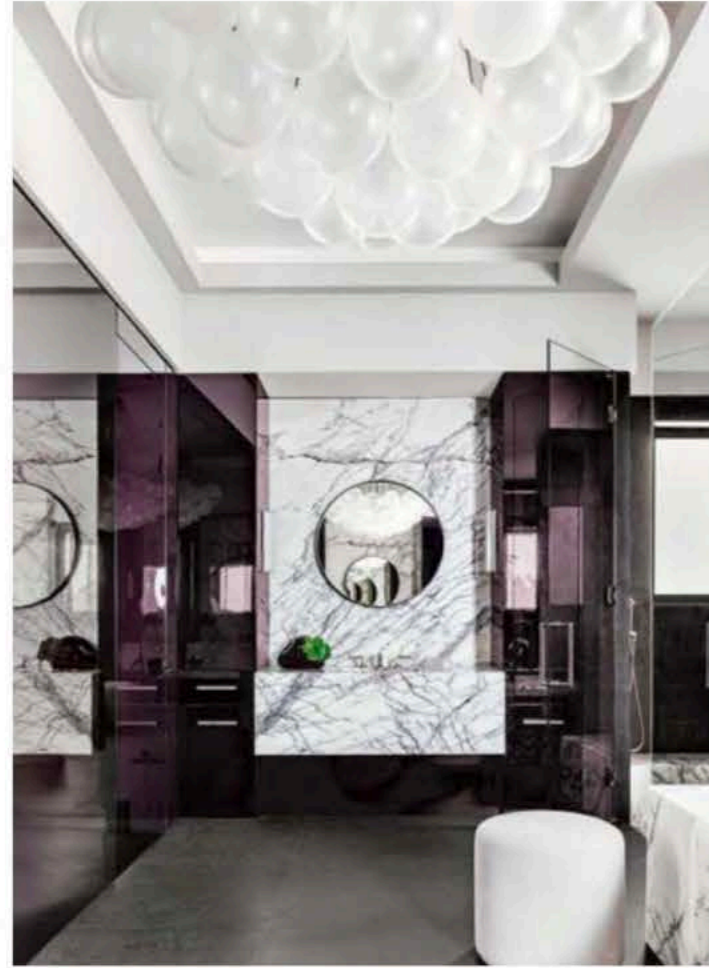

Internationally acclaimed interior designer Nicole Fuller, founder of the eponymous Nicole Fuller Interiors, is renowned for her artfully appointed, one-of-a-kind residential and commercial spaces. Fuller's work is synonymous with sophisticated, nuanced luxury, where attention to detail, savoir faire and a cultivated eye culminate in spaces that are as unique as her clients. Moreover, she is conversant in a wide range of aesthetics and styles and has an intuitive knack for discerning her clients' visual needs. Recent and current projects include the Art District Hotel in Downtown Los Angeles and the Baccarat Residences in New York.

Pamela Jaccarino
VICE PRESIDENT AND EDITOR-IN-CHIEF,
LUXE INTERIORS + DESIGN

A native New Yorker, Pamela Jaccarino is the founding editor in chief of *Luxe Interiors + Design*, the largest residential architecture and design brand in the country, a position she has held since 2005. Jaccarino has been instrumental in the growth of the brand and continues to champion its fresh vision and evolution. She also frequently lectures on design-related topics. Prior to joining SANDOW in 2002, she was an executive editor with the LVMH Group.
